

MERIDIUMXH™ The Extra Strength Solution

The “Master Molecule™” used in MeridiumXN called Xanthohumol (XN) and the isomer from alpha acids called Isohumulone (IH) creates the base ingredients for MeridiumXH. It is this added component Isohumulone that makes the extra-strength formulation.

Xanthohumol (XN) + Isohumulone (IH) = Xanthohumulone The formulation for MeridiumXH™

Isohumulones are the isomers of the alpha acids called humulones. The isomers of the alpha acids are known as iso-alpha acids, and Isohumulones is the principle iso-alpha acid. By combining the purified Xanthohumol with purified Isohumulones, many preconditions derived from metabolic syndrome were depressed. This created a formulation of preventive supplementary components for better health and wellbeing.*

How is MeridiumXH Effective?

- Supports a healthy metabolism*
- Helps to support healthy cholesterol levels already within the normal range*
- Helps to support overall health and wellness*
- Anti-oxidant that compliments your dietary expectations *
- Helps to support healthy glucose and insulin levels already within the normal range*
- Helps support the cardiovascular system*
